FOOTBALL.

The rivalry which has existed between the Schools of the Colony in relation to association football has grown very considerably during the winter months and another Important and exciting tusals will take place to-morrow at the Happy Valley when 'Queen's College and St. Joseph's College oppose each other. The latter team holds second place to Queun's in the School League, it having been defeated once at that at the hands of Queen's. If St. Joseph's win it will tie with Queen's for the first place in the League.

A Natural Remedy

Time was when disease was thought to be due to the direct influence of evil spirits, and exorcism and magic were invoked to cast it out.

Science has taught us wisdom. The evil ""Disease" spirits exist still. We call them Germs," and they also must be cast out. Once lodged in the stomach or intestines, fever with its ballucinations or biliousness with its sches and pains, is the result.

is the approved remedy for driving out disease germs. Its action is quick and thorough. It clears the intestines, rouses the torpid liver to new life, stimulates the mucous membrane to a healthy action, and cleanses and invigorates the whole digestive tract.

It may be safely taken at any time by young

It is very effective in the early stage of Diarrhora by removing the irritating cause.

Be prepared for emergencies by always keeping e bottle in the house.

TRANSFER OF DIRECTORATE TO HONGKONG.

The extraordinary general meeting of NOTICE IS HEREBY GIVEN that The extraordinary general meeting of the TWENTY-E-GHTH ORDIN- the Company was held at Cannon Street Captain Henry Keswick, M.P., Chairman

> The Secnetary (Mr. A. G. Wells) read the notice convening the meeting and also the Resolution to be proposed as an Extraordinary Resolution, namely :-

"That the Articles of Association of the Company be altered in manne following :-(a) By adding at the end of line in Article 40 after the words at such

places' the words in the Colony of Hongkong. (b) By inserting after the words 'general meeting' in line 1 of Article

47 the words ' held after 31st December, 1915," and by inserting after the words 'convenient place " in line 2 o the same Article the words in the Colony of Hongkong."

(c) By substituting for the words ' at the Registered Office of the Company in line 2 of Article 58 the words 'a the office of the Company in Hong-

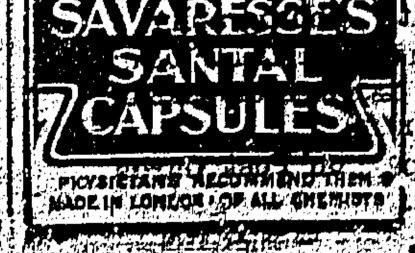

(d) By adding at the end of Article 65 the following words: Provided always that no person shall in any event or at any time be capable being appointed or elected as a Director unloss at the date of appointment or election he is a British subject."

71; by inserting the words ' ipso facto in front of the word * vacated ' in line 15 of that Article; and by striking out word 'vacated.'

(f) By substituting for Article 74 Company may by Extraordinary Board and may by Ordinary Besolution appoint other Members in their stead and any persons so appointed shall retain office until "they retire by

ing provisions of these Articles." in Article 75 after the words as they think "it ' the words following: ' Pro-Boardo shall from and safter the 31st December, 1915, always be held in the by any English authority."

following new Article namely: " 90 - required. In clauses A, B, C, G, H, J, The Board may from time to time appoint any person or persons for such period, and on such terms as to remunoration and otherwise as the Board may think fit to represent the Board in any particular country, state cor. locality outside Hongkong and may delegate to any such person or persons any powers, authorities and discretions heroby vested in the Director'so far as necessary for the administration of any affairs of the Company to be transacted in such country, state or locality and may by power of attorney under

At the first symptom guirements.

the setil of the Company appoint any form any acts required to be exercised or performed in any such country, state or locality for the purposes of the administration of the Company's affairs. The Board may at any time remove any person so appointed and may annul or vary any such delegation but no person dealing in good faith and without notibe of such annulment or varia-

(i) By substituting for the word 'abroad' in line 8 of Article 98 the words outside the Colony of Hong-

tion shall be affected thereby.

(k) By adding at the end of Article 100E the words following: Dividends payable to persons not resident within the Colony of Hongkong shall be forwarded to them at their respective Barracks, Hongkong, until Noon on the registered addresses; but save as afore! Undermentioned dates for the following registered addresses; but save as aforesaid all profits of the Company available for dividend shall be retained in Hongkong and shall be distributed and dealt with in that Colony.

" (1) By cancelling Article 100F and General Supplies A) substituting therefor the following Article, namely: 100C. The books and accounts of the Company shall be kept and made up at such place or places in the Colony of Hongkong as the Board shall from time to time think fit, and the Board shall be under no obligation to remit the same

England for consideration or approval. (m) By omitting the words by the Company in line I of Article 101, by substituting for the words resident out of England' in line 4 of Article the words ' not resident in the the Colony of Hougkong'; and substituting for the words in England 'ein line 5 of the same Article the words within the Colony of Hong of \$100, as a guaranted of goods faith.

The CHAIRMAN: Gentlemen, you have

been asked to come here to-day to consider a Resolution which has for objects the transfer of our Board of Directors, otherwise "the brains" your Company, from London to Hong-(e) By adding the words for ceasing kong. As stated in the letter which to be a British subject sfter the words secompanied the notice of this Meeting, of unsound mind in line 14 of Article the Resolution is put to you by direct request of an important body of Shareholders in Chins. The desire to effect this change is not of recent origin. all the words in that Article after has been suggested on more than one occasion during the past few years, but it was not then pressed because the movethe following new Article: '74. The ment lacked a sufficient backing of shares. Now, however the position is materially Resolution remove all or any of the altered. A very large number of our Members for the time being of the shares are held in the East, and, as these are supported by a further large body of Shareholders both in this country and abroad, the petitioners come to you to-day with confidence, asking you to co-operate rotation in accordance with the preced. with them in effecting a change which they feel would be of great benefit to the (g). By adding at the end of line 3 Company. Unless you have carefully compared the Resolution clause by clause. with the existing Articles of Association, vided slways that the Meetings of the it may not be easy to readily gather from its wording what the actual effect of the contemplated changes would be. Colony of Hongkong and the business me, therefore, briefly explain to you the

of the Company conducted in the said changes which are contemplated. Our Colony without reference to or control [Articles of Association were framed a good many years ago, and do not lend them-(h) By adding at the end of Article selves readily to a change of this sort 83 the words following: The Accounts which was, of course, never contemplated of the Company shall always be sudited when these Articles were adopted. The in the Colony of Hongkong and exclusi Resolution, however, has been yery care sively by Auditors realdent in that fully drafted by Counsel, under instruc tions from our Solicitors, and, as far as (i) By adding after Article 90 the we can see, will carry out what is

Model 75 Touring Car-

,, Roads ter

1000 Cars Per Day Production Makes This Car Possible at So Low a Price

Our factory contains 103 acres of floor space and employs 12,000 men. We produce 1000 cars a day.

This and this only explains our ability to give so much car for so little money."

Overland Model 75 is a small, light, comfortable family car with most of the advantages of much larger, higher priced cars.

It has a full streamline body of the latest design. The finish is a lustrous black with bright nickel and polished aluminum fittings.

Five adults can ride comfortably in the wide, roomy soats. The cushions are soft and deep over long flexible springs.

While the wheelbase is long 104 inches (2642 mm.) the car is light in weight, 2160 pounds.

The large tyres give greater mileage than could be phtmined from the smaller size used on other cars of similar specifications. These, with rear springs of the famous cantilever type, insure remarkable riding comfort.

Together with these advantages—and many others—you get the Overland thoroughness in design, quality of material and workmenship. This is possible at such a price only under the Overland method of scientific manufacture in darge quantities.

(Continued from page 2)

where its entire business is carried on. It has been necessary to frame a new and the removal of members of this Board. the old article, No. 74, being cumber-Debenture Issue and the transfer of Shares. "So far, this is merely a reversal of the present arrangement, Hongkong and the Colony of Hongkong being substituted for London and England, respectively. Otherwise the system under which the Company is worked remains unchanged. One now provision, however, is inserted under clauses D and E, whereby it is stipulated that all Directors must be British subjects." This goes. step beyond the recent Order-in-Council with regard to British Companies in China, which calls only for a majerity of British Directors. In the opinion of your Board, however, this is a wise provision, and one which we think will commend itself to you. (Hear, hear.) Now, gentlemen, why have our Esstern Share-

holders come to you to-day with these proposals, and what advantages are to be gained if you adopt them? First and ioromost, it is a quality for mome milli Please, beer in mind, that our entire business is carried on ten thousand miles away. This business, from its nature, is subject to extreme fluctuations, and these finetustions depend, for the most part, on purely local conditions conditions which Eastern Shareholders think can be more efficiently mot by a Board on the spot. The proposal is put forward in no hostile spirit towards the present Board of Directors—on the contrary. Eastern Sharcholders recognise that under

remons, practically all mercentile con-

trying conditions the London Board has rendered "excellent service to the Company. It is not the members of the Board that they object to; it is the system which fixes that Board ten thousand miles away from the locality whees our entire business is solvally carried on -a system which butails - Interminable correspondence, great extense, in telegraphy, and unavoidable delays. In bygone days, owing no doubt to financial

acquaintance with the Ear East will have have notice. I presume, gentlemen, that recognised that this has now changed, you will allow me to take the Resolution and that many of the impost successful; as read. It has been read by our Score-K, L, M, the Resolution provides for the undertakings in China are those under tary already, and I do not suppose you; transfer of the Head Office and Board of local control. Financial sasisfaire is now want it read again. I therefore propose Directors of the Company from London obtainable in China on terms which com- the Resolution, and I shall be glad it to Hongkong, and gives effective control pare favourably with those available on a Shareholder will second it. of the Company's working in the locality this side. So far as material considers | Mr. R. many years members of our Board hav known of this desire on the part of Eastern Shereholders to transfer contro of the Company's affairs from London t Hongkong, but till new, this has not been pressed. "The direction of the Company has remained here, possibly owing k sentimental reasons. Now, however, the demand has come in unmistakeable form and the Board cannot ignore the desir of an overwhelming majority of its Shareholders. It is, perhaps, not human nature for the present Directors to ex press any satisfaction at the prospect of losing our seets on this Board, but we have very carefully considered this matter, and we feel it is our duty to tel you that we are unanimously of opinion that the proposed change is to the Company's interest, and we recommend the Resolution to your scooptance. In the event of this Resolution coming into effect, I may mention that full and adequate arrangements have been made for providing for those members of the Lon don Staff who would be affected thereby As, in addition to being a Director of this Company, I am also a member c the firm of Messrs. Jardine, Matheeor and Co., Ltd., who act as its General Managers, I should like, before sitting down, to say a few words with regard to their stitude in connection with this proposal. The establishment of the Four in Hongkong, to whom they can immedistely refer, will be welcomed by them, and they are of opinion that it will be advantageous to the Company; and. having , ascertained that the proposal is approved by the Board of Directors here. and also by a considerable shareholding on this side, they intend to give it their support. I now bog to propose that the Resolution which has follready; been read to you, and which is set forth in the notice calling this Meeting, be adopted This Resolution, if peased, will require cerns in China were directly controlled to be confirmed as a Special Resolution from this side, but those of you who have at a further Meeting of which you already

THE BURDEN OF THE WAR.

THE_prohibition of imported luxuries.

I in a telegram we published last night,

is doubtless prompted by something

more that the wish to secure cargo

space on ships for actual war neces-

sities. The colossal expenditure on

the war must be a perpetual night-

mare to the Government. When Mr.

ASQUITH made his last statement on

the financial situation, last November,

he told us that the country was im-

porting goods in excess of its exports

to the extent of over £30,000,000 n

month, and he also disclosed the fact

that Great Britain had lent the Allies

£423,000,000 in a single year, The

inst vote of credit brought the total

cost of the war since its outbreak up to

the enormous figure of £1,662,000,000

This sum carries us up to the middle

of February at a daily rate of expen-

diture-of-£5,000,000 -- After that-date

we may well expect a further increase,

having regard to the larger scale on

which operations are now being con-

ducted. These grave figures naturally

was said recently by a writer in one

of the Reviews that it is not easy to

understand how it is possible for the

country to support the enormous

expenses of this war with so little

apparent distress among the popula-

tion and so little curtailment of the

ordinary standards of living. Financial

experts, however, assure us that all

is well, that Britain's economic

position is "sound to the core," and

of Bankers, Mr. EDGAR CRAMMOND

Empire was such that we would be

able to finance a war of "many years"

satisfactory to have such assurances

as these, because as Mr. LLOYD

GEORGE predicted more than a year

ago, "silver bullets" will be the

deciding factor in the war. - Without

the money the gigantic armies in the

field cannot be properly equipped and

maintained. Yet it seems perfectly

from the economic point of view,

nowhere appears to have been less

At all events our position is very

consumption is travelling far in excess

of the power to produce or to import.

But the growing cost of the war calls

for voluntary or compulsory retrench-

ment upon a scale of ever-growing

severity, and the telegram for

luxuries indicates that since there

has not been that radical reduction in

is wise foresight, means to secure this

economy by other methods.

shadowing the prohibition of

call for the strictest economy.

KOWLOON BRITISH SCHOOL,

Hon. Mr Holycale on Parents'. Responsibilities.

The Hon, Mr P. H. Hotroax distributed the prizes and gave an addressate the children of the Kowloon. British -School last evening." He hotlerd, he said, that the prizes were more numerous on the girls' side of the school, than they were on the boys' side, In this connection he not making the progress which it should do. In the report of the Inspector of Schools the work of the girls was referred We have been asked to mention that to as being better than that of the boys. the M.M. s.s. "Andre Lobon" will leave The boys seemed accustomed to give of their very best work only on special occasions, and at other times appeared content to jog along in the most careless and unconcorned manner. That was not a vory agreeable thing to have to say, and he was perfectly sure that the would sudeavour to improve upon it the next school year. If ever there was an cocasion when every boy and girl should settle down to thorough and couscientions work it was now when the Empire was suffering, as it had never done before, from strain and stress. . The future of the country would be in the hands of the upgrowing generation, and this was a the fact that many of the children went home after a certain period and while they

were at home they enjoyed themselves, as they should do. forgetting all about their lessons, and then came back to rehool again, with all the back lessons to learn, or they remained eide by side with children who were much younger than themselves Thus it was that they found in the Report of the Inspector remarks to the effect at Home, was very backward. Then Home time there was no doubt that too much in its scope, and which has been strongly that among those British residents who 18 The second suggestion is that an alone will be, it is presumed, entitled to Unofficial Member should be appointed to The third annual meeting of the ment- home work was given, and this led to crambers of the St. Joseph's College Association ming and a distaste for work. That had will be held on Monday, February 7th at been recognised now and remedied, and the home work which was given now could not be regarded as being excessive. Naturally, no boy or girl liked home work credit balance of \$392.90. The annual but it was very necessary, for several dinner of the Association will take place reasons. First of all, it impressed upon the mind of the child the lessons taught during the day. It led also to discipline, which was always good training for boys The Electric Light Cor, of Chefoo has and girls. Unless the school training was just completed the second year since its carried on, in the home the work was wasted and thrown away. The standard granted .of the home in this respect must

not be lower than that of the school. If parents maintained this ideal then the child would grow up to bless them in after life. If they punished a child they should first make the child realise what the punishment was for, and in due time that child would grow up to bless the parent for the restraint wisely exercised in earlier days. In this Colony as in other parts of the East, where one had more servants han at Home, there was the temptition to delegate to others' the duty which at Home would be dutifully undertaken by the parent, and that

would develop into a companion, and where Imperial c neiderations are not Hongkong, Canton and Macao Steamboat would realise how very important were the involved." the year was 66, an increase of 14 on last ing to the census of 1891, the population, resign their places.

owed its prosperity to these advantages, as 18. It remains to consider whether any well as to, the policy of the Imperial step can be taken which, while not inter-

There appear to be three practical suggestio: a which are worthy of consideration-(a) Increasing the number of the unofficial Members in the Legisla-

tira Onuncil. (b) Introducing an Unofficial element into the Executive Council; (c) Creating a Municipal Council.

17. As regards the first of these three points, I am not inclined to add to the number of the Unofficial Members without at the same time increasing also the number of Official Members, for in a Crown Colony there must be a very distinct preponderance on the Official side, and that the natural free election of representatives of British result of evenly balancing the numbers of nationality in the Legislative Council of Officials and Unofficials is friction and irtitation.

With this proviso, there is, as far as far

The petitioners have "addressed vote, the civil element, some proportion of the Executive Council. The suggestion is themselves to the House of Commons, as which moreover consists of Government made by Mr Keswick, and you state in they have of course every right to do, officials, will be swamped by the military your despatch that you have personally no objection to it and that the concession It may be said that the naval and military would be very popular and not alto-

I can well realise that the addition of a gentlemen of high standing and great local experience would be a gain to the Executive further considering the following points.

In none of the three Eastern colonies at the present time is there any unofficial element in the Executive Council, and I am not clear that the step would in all cases 11. The second claim is the complement | be actively beneficial, whereas I am quite

but only one answer can be given to it, viz., In the third place, you state that that the paid servants of the Government practically unofficial assistance in the cannot be left free to oppose the Govern- Executive Council, "could always be ment. I should be surprised to learn that obtained, if the status quo were mainconsult the Unofficial Members before It is in fact not peculiar to the Crown bringing into Council measures of purely

> instead of making any such appointment. summoned to take part in the proceedings

> 18 With regard to the institution of a municipal council. I frankly say that I should like to see one established at Hougkong. But there appear to be two practical difficulties for the way. The first is the present crisis. It am not prepared to sanction any important change of administration, until the future in tolerably clear and until the necessary measures for protecting the health of the Colony have been finally decided upon and brought into operation. Then, in a clear field it may be possible to create a municipal body with some prospect of success.

The second difficulty; to which allusion has already been made, is that of separating municipal from Colonial matters. I am not confident that that difficulty can be overcome, nor am I confident that a municipality would be welcome to and work harmoniquely with the military authorities. Still it is possible that the Sanitary Board might be developed into a satisfactory Municipal Council controlling all or some of the revenue which is now derived from rates. Whether any scheme of the kind is feasible I would ask you carefully to consider at your leisure, and in the meantime you are at liberty, if your see occasion to do so, to give publicity to this despatch.

marines being the subject furthest from up, and some of us were lucky enough our minds. Three others and myself to get a bath. The next thing to be done were playing a game of deck golf on the was to get a few clothes and other deck below the Promenade Deck, in the necessaries. It is a most curious experifore part of the ship when C-R-A-S-m !! ence to literally have nothing more than I had my back to the bow and was facing the clothes in which you stand—not even the stern at the time but turned round a dry pocket handkerchief! quickly and saw a cloud of black smoke rise from between Nos. 1 and 2 hatch by the "Andre Lebon which arrived on the port side, the next thing I knew in Port Said on the Sist December and was that I was struggling under water left the same day so that it has taken to get on my feet having been washed us exactly seven weeks to reach Hougagainst the rails to which I clung. was told afterwards that a huge wave rolled up on the starboard side and drenched the whole lot of us playing-When I managed to get on my logs again siternoon when the awful tragedy overtook I noticed a very strong smell of gun the "Yasaka Maru." The passengers beyond two or three scratches on my without any warning, there was a knees. I made straight for my cabin and thundering crash just before the bridge. met my wife coming out with the baby The ship began to sink and it was

and was hanging stern down on one davit. boat. Then we got away. The "Tasaka but fortunately no one was in it and the bost on the other side of us nearly without further mishsp. There was no below. The last thing to disappear beneath crashed into us but we reached the water panio at all and the women behaved the waves was the Japanese flag which had splendidly so that everyone got off with- been hoisted when the ship was struck;

scrambling to get into the boats 3 p.m. and took just over three quarters messages of distress and after being ten of an hour to disappear. When the tor- hours on the water all were recued pedo hit her, her bow dipped suddenly and taken to Port Said by the French and then she settled very gradually going patrol tug "Le Borisux." down on an even keel until the bow was the organ, and to do necessary repairs to submerged when her stern gradually rose were more than realised; a sum of over before the final plunge she was practice TO-day's Advertisements. the final plunze and just before she was out of sight altogether a most curious thing happened. All the spars for working the hatches in the after part of the ship came jumping straight out of the water se if they had been shoo up, so This was apparently due to an explosion of

> Immediately we touched the water we made away from the ship so as not to be drawn into the whirlpool catered by her sinking but hung around in cess we could be of meistance to any unfortunate persons who might be left behind but we could see no one. Shortly after the phlegm. Chamberlain's Jodgh Remedy thip disappeared we were heiled by one will scomplish the for you and one the Tel No. 185. of the other boats which had sprung a cold bles to become its. For sale by all link so we went sleggide and look off Cheenists and Storekropers.

the pessengers and some of the crew, the rost distributing themselves over the other boats.

The submerine was first sighted within a quarter of a mile away on the port side and the trail of the torpedo was seen by one or two of the passengers but I did not see either. The submarine was also seen after we were in the boats evidently walting to make sure of sink, ing the ship. After we had been in the bosts

some time we were hailed by the Captain East the passengers of the ill-fated and when all the boats had come up they Fasaka Maru was one that will hardly were lashed together bow and stern to forgotten. Dozens of Taunches the Captain's boat and the boat containsampans flocked around the boat ing the chief officer was sent off to her arrival and the crush up the chdeavour to get help. It was while the gangway was tremendous. Some delay boats were being lashed together that was consilered by the time the Police we were told the good news that a wireoccupied in the examination of paraports, less had been sent to Port Said and but considering the difficulties that reply had been received promising help. Alter sundown it was gotting quite chilly and the four of us who had got a ducking naturally felt it mose than the otherso I had not a dry stitch ou nu, and was wet from head to foot, in fact my boots were still full of water when I got into the boat. I felt a little

the boat; although it was rather uncornfortable it was better than feeling cold. We had plenty of water and biscuits in the boat and those of us who felt like it munched dry biscuits and smoked so long as the neighbottes lasted-most of Graphic descriptions of the sinking of the mine were wet. After I had been in.

warmer by keeping my life belt on oil

their comfort was done by the officers and position to the resoning ship, and while recognition of this splendid conduct my mind "suppose the submerine exthe passengers and officers of the Yazaka wait for her!" However we saw plenty communique announces that two hostile Maru, and the officers of the Andre Lebon. of lights and signals scomed to flash but The Hongkong passengers or the no ship rescued us so after a time when Coast of Kent shortly after mid day. "Yasaka Maru" were: -Mrs. Sutherland, a light was reported I never even bothered to see where it was. 'Inis went on until about midnight when more J. H. Seth and child, Mr. and Mrs. V. J. lighte were reported and signals flashed and we rowed up to the ship and discovered she was the "Jeanna D'Arc " sent from Port Said to our rescue. We got on board and she took the boats in tow and steamed into Port Said reaching there about 10 s.m. on the 22nd Desember. We had been in the boats for 9" or 10 hours. The poor babies (we had two in our bost) must have the suffered torribly from hunger as they had nothing to eat for over 20 hours; how-We left Tilbury on the 7th December ever they behaved very well and the and although every new and then a crew of the "Jeanne D'Arc " were very rumour would be circulated that "To- kind and did what they could for us. But night's the night" the voyage was un- as she was only a small boat, apperently eventful up to within 60 or 70 miles of a mine sweeper (I nearly wrote mine

and all the passengers, were excited at on the 22nd December and I am sure the thought of resching Port Said in a the residents of Port Said had never few hours, and although a neutral ship seen such a strange crowd of passengers was reported as having followed us all off any boat, some without hats, others Featherstone, Chaplain and Superintendent night, I don't think any of us gave it covering very little with an overcost but

to the various hotels, the N.Y.K.'s

The N.Y.K. arranged passages for

JAPANESE SAILORS HEROISM. Mr L. N. Leefe said it was a glorious coate, and on regaining the deck went to impact occured everybody dashed for their life belts" went on Mr Leefs. "We One of the boats next to ours fouled assembled on dock and then took to the Maru" sank de id slow on an even keel. She turned up on hor stem and then plunged out any trouble, and there was no and as the ship vanished from our eight. the Japanese sailors gave a lusty The ship was struck between 2.80 and cheer." The wireless operator had sent out

ANOTHER NEW M.M. LINER. ARRIVAL OF THE ANDRE LEBON.'

Messagories Maritimes' liner "Andre Lebon," which arrived this alternoon on her maiden trip to the East, is one of the finest mail bosts yet constructed by the Company. She was built at La Ciotat. With a displacement of 19,260 tons, the vessel is constructed on the "Stone Lloyd " system of watertight compartments. There is ample cargo space, and fourteen big life boats are installed on the main deck .- The dining-rooms for all three classes, are situated on one deck, and there are three special dining rooms for the children. Accommodation is provided for 521 passongers, 100" in the first class, 182 in the second, and 140 in the third. There is secommiodation "de luxe" for eight passengers, whose cabins are luxuriously furnished and decorated, each with bathroom and W.C. The ordinary cabins are equal to the "cabins de luxe" of recent foreign vessels, and are furnished with every convenience. There are 27 single-berth cabins, 43 two-berth cabins (not above one another), and 26 threeberthe cabins. The arrangement of the second and third class cabins is a considerable improvement on what has obtained up to the present. The sanitary installations are particularly good," with hot and cold water supplied in the first and second class, and numerous baths and shower-baths for all classes. Spacious smoking and reading rooms are provided, "and a recreation room for the children, this deck being reached by an electric SAIGON. 11ft. The first-class dining salcon is in the Louis XIV. style, surmounted by a dome with three large bays and a balcony 8 viGON. giving access to the upper deck, while the tables are set for 2, 3, 4, 5, 6 or 8 covers. Ample promenade space, up-todate ventilation and heating, laundry facilities, a" wireless installation, twinserew quadruple-expansion engines and

THE COMING RACES.

good provision for the crew are other

features of the "Andre Lebon." The

vessel is a sister-ship of the "Paul

Lecat." which has been on the run since

TRAINING NOTES. It was not so cold at the Course this

September, 1912.

morning as yesterday, though some were of opinion there was not much difference. The temperatures recorded on Saturday, yesterday and to-day, were respectively 60deg., 42deg., and 50deg. Considerable interest was taken in the

measuring of Mr. John Peel's Tls. 2,000 griffin, with which the stable hopes to win this year's Derby. He is a handsome, well shaped chestnut standing 131 hands.

The number of entries this year total nearly a hundred and the entrance fees amount to \$8,800. Last year 88 ponies were entered. There are 23 entries for the Derby. All the Subscription Griffins -10-are entered for the Nil Desperandum. The Maiden Stakes has 21 entries, the Victoria Stakes 19 and the Valley Stakes 41.

Mr. Kadoorie galloped four of his griffins and Sir Paul sent one of his half mile. Hundles were on the grass 274 course. The times were:-

Derby Chief (g.), I mile last 1, 0, 36.2, 1.13, 1.46.4; last 4 33.4. Pingwo Chief (b.) and Shropshire Chief (g), 1 mile, a, 80, 1.15.2, 1.50.4, 2.23.2; Inst + 32.3.

Suffolk Chief (g.), 1 mile. (i), 38, 1.13 -a. 1.48, 2.21.2; last + 03.2. Winsome Dahlia (g.), 1 mile, o, 87, 1:07.1; last 1 30.1.

FIRE AT HOLT'S GODOWN.

A fire broke out at Helt's Godown late last night and fortunately was confined to a few bales of cotton. The large volume of smoke that was seen belching from the godown gave the impression that a fire of considerable dime-sions had broken out. Immediately the outbreak was observed the Hongkong Brigade was 'p' oned for and in the meantime a large number of coolies got to work removing the bales astroundir g the fire. The Fire Brigade's water float played on the smouldering balca and every thing was regarded as sale inside a couple of hours. The prompt a rival of the D. Brigade and the sametance of the cooling. saved the fire from sesuming sarming proportions. The damage done was mainly Pines by wrist,
